## From idea to product Let us present the alternatives

### Aerolab – do you want to develop together?

As an innovative company, we continuously develop exciting new products in cooperation with our customers. We take on even the most difficult jobs and we will not quit till you are satisfied with the result. Do not hesitate to contact us, if you have an idea or a product that you would like to test.

### Standard products – private label

We offer to can a number of our own ready-to-use products and add your own label/lithography.

### Your choice – lots of combinations

Aeropak offers a wide range of opportunities and as standard, we offer:

- White tin cans
- Aluminum cans
- Lithographed or labeled cans
- Net cubic content ranges from 50 ml to 1000 ml
- Propellants such as CO<sub>2</sub>, N<sub>2</sub>O, LGP or DME
- 2-chamber aerosols with air as propellant

### Your product – your label / lithography

Aeropak offers solutions where:

- You deliver the product and label /lithography
- We advise on the best choice of can and can your product

### Elite Smiley

Aeropak has been awarded the Danish Veterinary and Food Administration's Elite Smiley in recognition of a high level of hygiene.
